

THE OPENREFERENCE INITIATIVE

We are a global community of volunteers dedicated to developing and sharing a standard language to describe business processes, metrics, and other business terminology. We believe in sharing knowledge and findings openly so that anyone can build on our work.

THIS IS OPEN KNOWLEDGE

Knowledge is open if anyone is free to access, use, modify, and share it — subject to measures that preserve provenance and openness:

- Open Knowledge is accessible to everyone free of charge
- Open Knowledge is published in all its details
- Open Knowledge is developed by volunteers through due process
- Open Knowledge permits unlimited usage and redistribution when attributions are made

OpenReference is knowledge licensed under the Creative Commons Attribution Share Alike 4.0 International License.
